

# The Enviro-clean Unit Cleans Multiple Heat Exchanger Bundles, Fin-Fans, Towers and Other Field Systems. *We Clean Without the Mess!*

Our Enviro-Cleaner is Built to Meet Explosion-proof, Class 1, Division 1 Standards. **Fully Contains Air and Liquid Emissions.**

- Hydraulically-driven Roller System/ Bundle Supports
- Single or Multiple Bundle Cleaning
- 75 HP Explosion-Proof Motor
- 750 GPM @ 100 psi Stainless Steel Centrifugal Pump
- Angled Spray Jets for Optimum Cleaning
- Temperature-Controlled Heating Vats
- Bucket Strainer Loop Filtration System
- Full-length Bundle Contact with Cleaning Solution as Bundle Rotates
- Closed Loop or Internal Pane Cleaning
- Footprint Requirements 10' x 50'
- Control Room 9' x 25'
- Heavy Hydrocarbon Cleaning Solutions (Customer Supplied)
- Diesel • Kerosene • LCO

- Baker Tanks and Vacuum Trucks Available on Request for Removal of Solids

- Eliminates Hazardous Waste Clean-up

## Consumer Benefits:

- Cleans completely to the center of exchanger bundles I.D./O.D.
- Heat transfer efficiency restored to highest possible degree.
- Increased refinery through-put.
- Reduces operating cost \$\$.
- No adverse environmental effects.
- Zero liquid hits the ground and ZERO vapors are emitted.
- Eliminates clean-ups from "Hydroblasting."  
*Liquid returned to slop tank. and reprocessed.*
- Cleaning solutions matched to fouling.
- Cleans exchanger shell internally and externally.
- Expedite down time.
- Multiple cleaning options.
